

Straight Section Stage Barrier

This solid aluminum crowd control stage barrier panel has a ramp-style base, fold-out step and round top rail for performers' comfort and protection.

Protective Perimeter

Create a hard barrier between the rowdy audiences and your talent and staff performing on site.

Fast Mobility

Security can use the panel's fold-out step to see over the crowd to handle issues easier during the event.

Stage Barrier Specifications

LENGTH	40" LONG
HEIGHT	47" HIGH
WEIGHT	80 LBS
SECTION STYLE	STRAIGHT PANEL
BASE STYLE	RAMP
HOOKING SYSTEM	RECESSED, RETRACTABLE PINS
MATERIAL	ALUMINUM

Accessories *(optional)*

Barricade Cart

Easily move up to 10 barriers at once.

Bundle Options

Mix and match panels in different styles to create a perfect set up for your venue.

Quick Setup & Removal

Our stage barrier is easy to install and disassemble, so you'll save a lot on labor.

Exclusive Design

Our stage barrier system's special design suits virtually any event.

Innovative

A pin and channel on the sides of each panel make connecting panels fast and easy.

Safe & Effective

Retractable pins and channels let you create a safe, level surface and enhance overall safety.
